Michigan Dental Registry (MiDR)

Michigan CARIES PREVENTION PROGRAM

HOME WHO WE ARE NEWS & RES

Go to MichigansDentalRegistry.org today!

MiDRSM provides a web based platform that facilitates communication between primary care providers and dentists regarding pediatric patient oral health. It is designed to document provided care, and place and track referrals to a dentist as needed.

MiDRSM partnered with Delta Dental of Michigan, Michigan's largest dental insurer, to offer [direct access](#) to the Healthy Kid's Dental network of dentists.

MiDRSM is available for EHR integration, beginning with users of Allscripts Professional.

First launched in Michigan as “Michigan’s Dental Registry”

- Funded through CMMI Health Care Innovation Award, September 2014
- Launched November 2016
- Integrated into the Michigan state budget and Healthy Kids Dental (MI Medicaid) contract
- Achieved buy-in across oral health stakeholders in Michigan – providers, policy makers, & payers
- For additional information on MiDR go to www.miteeth.org

LA Dental Registry (LADR)

UCLA chose to work with Altarum to develop a Meaningful Use pediatric dental registry based on Altarum's experience with MiDR in Michigan

- Following the development & deployment accomplished with funding from CMMI, MiDR has been adopted as an ongoing component of the Michigan Dental Medicaid program.

LADR: A countywide technology tool to improve medical/dental coordination through facilitated referrals

- Web based platform that facilitates referrals and communication across the patient care team regarding pediatric patient oral health
- Houses population-level information on access and use of preventive oral health services across care settings
- To be adapted and deployed tailored to LA County's context

"High Risk Patient"

"Discussed good oral health hygiene, healthy nutrition."

"High risk due to use of sippy cup/bottle at night."

Dental Office Receives & Updates Referral

Referrals will come through on the dentist's fax machine and will appear on the dentist's home page, under Referrals Placed to your Clinic

Dental Referral

Dear Dr. Jiang,

I am referring a pediatric patient to you for evaluation and treatment. We referred this patient to you via Michigan's Dental Registry (MDR), a pediatric oral health registry focused on increasing preventive oral health access for children in Michigan.

Due to confidentiality concerns, we invite you to visit the MDR application to view detailed information about this patient.

Using the Referral ID, you can search for and access information on the referred patient, review what preventive care was provided in my office, and communicate back to me to ensure care coordination to improve our patient's oral health.

Referral ID: 100313

If you have any questions or need assistance with accessing or using MDR, please call 1-844-4-MEETH (1-844-464-8332) or send an email to MDR@state.michigan.gov

Thank you,
Medical Doctor

What is MDR?
MDR is a product of a longstanding partnership between Michigan's State Dental and Orthodontic Society, Michigan Department of Health and Human Services, and the University of Michigan School of Dentistry. It is a public health system used to refer patients to dental providers, in an effort to establish a dental home early on in a patient's life. By using the referral ID included above, you can access this patient's existing oral health record, including relevant notes from the provider about the patient's potential risk behaviors and oral health.

Sign up for MDR:
You can access MDR via the State of Michigan. For details on how to become a MDR user, visit www.michigan.gov/mdr.

This referral was sent to improve children's oral health.

Referrals Placed to Your Clinic

Patient Name	Referral ID	Dentist	Clinic	Referral Status	Date of Referral
Does, Jane	100465	Dr. PEABODY	MGH FAMILY HEALTH CENTER	Referral Accepted	06/27/2017
Smith, Jane	100472	Dr. PEABODY	MGH FAMILY HEALTH CENTER	Patient was seen	06/30/2017
Smith, Brandon	100549	Dr. PEABODY	MGH FAMILY HEALTH CENTER	Referral Accepted	08/23/2017
Smith, Karen	100496	Dr. SAUCER	MGH FAMILY HEALTH CENTER	Referral Seen	07/14/2017

Dental clinics can update the status of the referral to notify the physician that they have received the referral and are reaching out to the family

LADR Partnership Opportunities

BEFORE LADR GO-LIVE

REQUISITE MILESTONES:

- Development of dental provider referral search
- Integration with systems for secure dental and medical user access

PARTNERSHIP OPPORTUNITIES:

- Dental payer collaboration to facilitate dental provider search and referrals
- Identification of existing system(s) and integration with LADR for dental, medical, and community provider access

LADR GO-LIVE

AFTER LADR GO-LIVE

REQUISITE MILESTONES:

- Disseminate information about LADR to encourage adoption and use among medical and dental providers
- Continuing education to encourage LADR use to improve access to appropriate dental care

PARTNERSHIP OPPORTUNITIES:

- Activate physician community and existing primary care oral health integration efforts
- Develop buy-in for ongoing sustainment of LADR

ONGOING

PARTNERSHIP OPPORTUNITIES:

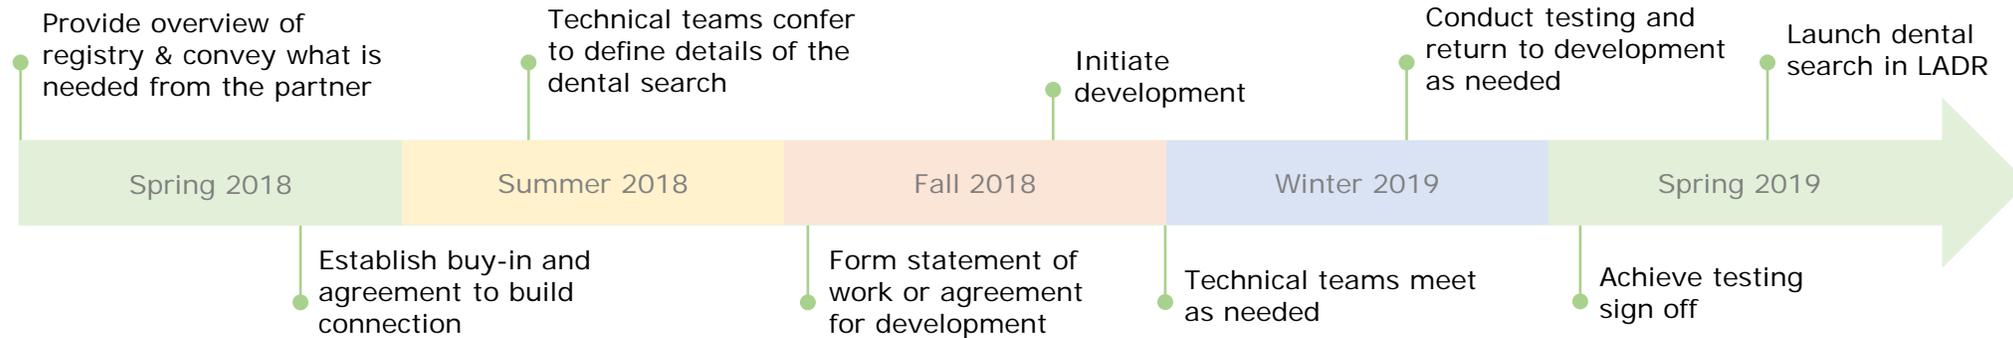

- Ensure sufficient reimbursement for fluoride varnish and oral health screenings in the medical setting
 - Support program incentives to dental providers for LADR utilization
